

## Third Grade Summer Math

Before school starts in August, students should be able to complete a timed addition and subtraction speed drill of 100 problems in under 5 minutes. Addition facts include  $0+0$  to  $10+10$ . Subtraction facts will include  $0-0$  to  $20-10$ . Students will be tested on the first full day of class. This test will count as the first math test for the year.

Here are some online resources to help your child with these facts:

- [math-aids.com](http://math-aids.com) has printable worksheets, including timed drills
- [mathplayground.com](http://mathplayground.com) has games
- [mrnussbaum.com](http://mrnussbaum.com) has games
- [roomrecess.com](http://roomrecess.com) has games

Some apps: Kids Addition and Subtraction  
Addition Subtraction for Kids  
Monster Math

You can also use good old flashcards! There are even some flashcard apps.

Thank you,
