

Fifth Grade Summer Math

Before school starts in August, students should be able to complete a timed 2-digit multiplication and a 2-digit division with remainders speed drill of 15 problems in under 5 minutes. Students will be tested on the first full day of class.

Ex: 23×4 or $26 \div 5$

Here are some online resources to help your child with these facts:

math-aids.com has printable worksheets

mathplayground.com has games

mrnussbaum.com has games

roomrecess.com has games

Some apps: Kids Multiplication and Division
Multify ; Mental Math cards for 5th Grade
Math Games for 5th Grade

You can also use good old flashcards! You can put these in the car!! There are even some flashcard apps.

Thank you,
Kim Chelette
